

## H3R RT A600 Halon fire extinguisher

Face it: You should have a fire extinguisher in your airplane. The RT A600 from H3R represents one of the best that you can get. In fact, it comes standard on many aircraft today, so what are you waiting for?

**Price:** MSRP \$168, can be found cheaper online

**Contact:** [www.h3raviation.com](http://www.h3raviation.com)

**Reviewer comments:**

**Craig Brown**, senior technical specialist, AOPA Pilot Information Center

ATP, CFI, A&P, 9,800 hours.

“The weight is practically negligible.”

**Pros:**

- Only 1.6 pounds
- Easy to mount in a cockpit

**Cons:**

- Halon means scary labels about evacuating the area after discharge
- May require an A&P signature for installation
